

25 NURSES TO FINLAND

We are looking for to recruit 25 nurses to the public health care sector in Finland. Positions to be filled are located in municipal health centre hospital wards such as acute or geriatric wards. The recruitment starts with an intensive 3 months Finnish language course in Spain in September.

What we offer

We offer interesting and full-time positions in modern health care centers in Western Finland. All positions will be located in idyllic small towns in province of South Ostrobothnia. We offer you and your family a safe, clean and peaceful way of living in a beautiful Finnish rural area.

Furthermore, we offer comprehensive placement support, so you would feel welcome and comfortable to start working in a new country. We will help you with everything including

- moving arrangements to Finland
- finding an apartment and a car
- finding a school and day-care for your children
- authority contacts including tax and registry office
- helping you to get to know the town and what to do in free time
- support on all other every-day matters.

We also organize training courses for all our employees; for example, when you come to Finland, you will get an introduction course to the Finnish health care system.

The working hours are mainly in three shifts, about 35-40 hours per week. We also provide insurance and health care for you. The monthly salary depends on the position and previous experience. Gross salary as a nurse will start minimum from 2236 €/per month. On top of the salary you will receive extra compensation from working in evening and night shifts.

Language course

The intensive Finnish language course will be arranged in Spain. The duration is 3 months in which time you will learn enough Finnish to deal with the everyday matters in Finland. The work in Finland starts when you have completed the language course and reached sufficient level of Finnish language skills. Once you move to Finland, you can start to work and you will continue the language studies. After this, you will be able to work independently. We expect you to speak and write fluent English.

How to apply

Please send your CV and application letter in English by 5th of May 2013 to adelante@lky.fi. Please also attach 2 letters of recommendation. For further information, please contact project manager Johanna Lammela, email johanna.lammela@lky.fi, <mailto:ana.perez@osg.fi>, tel. +358 40 669 1991. The interviews will be held in Spain at the end of May or beginning of June 2013.

In addition when you apply, please mention in your application where you have specialized in your studies and what kind of work experience you have in health care field. Your patients in Finland will represent mainly elderly people.

Adelante project is funded by European Social Fund. It has seven different employers from public joint municipal boards of health to health care centers. Adelante will help your future employer to find you, professional of healthcare sector. Adelante will support you to fit into Finnish worklife.
